

## 7. Start page

### 1 Navigation and patient search

- Start page: the start page in endoACRO contains various areas where you can perform activities.
- Navigation is done by using the menu links (1) on the left hand side and the top right links (3).
- Quick links to queries (2) or modifying the user profile are at the center of the start page.
- Patient search criteria (4) is at the center of the start page.

The screenshot shows the endoACRO start page. On the left, a vertical menu (1) lists various functions like 'Documents', 'Add patient', 'Choose patient', 'Queries', 'Comments', 'Clinic calendar', 'Clinic reports', 'Patient search criteria', 'Patient card', 'Visit calendar', 'Signing console', 'Patient reports', 'Change studycenter', and 'Log out'. At the top right, there are links for 'Start page', 'Contact', and 'Help' (3). The main content area (2) includes a welcome message, a notification 'There is one unresolved query', and a 'Search patient' section (4) with a search bar and a 'Search' button. On the right, there are two charts: 'Inclusion over time' and 'Status'.

### 2 Inclusion overview

- The graphs on the start page display 1) the overall recruitment over time for the entire study, and 2) the status for the last 30 days.
- The graphs are updated on-the-fly as soon as data is added or edited in the system.
